

Improving coding assignment practice on NxtWave LMS Portal

Presented by: [Shubham Bhosale](#)

About NxtWave

Our top-notch team helps you learn Programming, not just Coding!

Designed to transform you into a highly skilled Software Professional

A platform to learn placement-focused coding & programming.

Provides 2 flagship programs

CCBP 4.0 Academy

CCBP 4.0 Intensive

Target Customer

- After 12th college students
- Recent graduates want to get placed at higher salary

Value Proposition

- Mentors from top education institutions like IITs, Stanford and working professionals from top IT firms like Microsoft, Amazon
- 800+ hiring partners
- Programs designed for each level of the college stage
- Recognized as the Greatest Brand in Education

Problem Statement

To ensure that students actually practice and solve the assignments instead of just completing the video sessions.

Goal

To increase assignment practice

Customers

College students want to get high-paying coding jobs

Product

NxtWave LMS

Context

Increase overall engagement in the portal

Constraints

Assuming there are no constraints regarding time, money and team

User Persona

Name: Sunil Rao

Age: 22 years old

Leaderboard

Know your competition within your batch/cohort

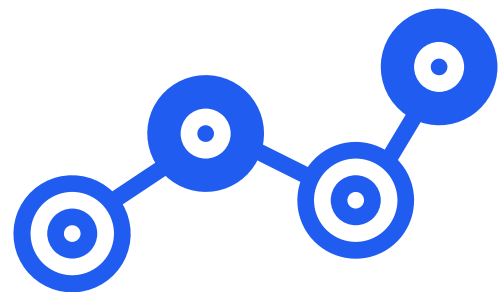

The top 5 learners of this month will get exclusive merchandise from NxtWave!

1	Student 1	★ ★ ★ ★ ★
2	Student 2	★ ★ ★ ★
3	Student 3	★ ★ ★ ★
4	Student 4	★ ★ ★

Outcomes

- Students can get a sense of competition within the NxtWave cohort/batch.
- This will boost a race to get on top ranking on the leaderboard.
- This can be triggered by exciting gifts to top performers.

Tracking the Solutions

Solution	Metric	KPI	Indication
My Rewards	No. of rewards unlocked	Average number of rewards unlocked by a student	No. of students completing assignments within deadline
Leaderboard	No. students having 5/4/3 star ratings	Frequency of ranks change	No of the students getting STAR ratings <i>e.g. 5 star rating students</i>
